DETAILED ACTION

1. Claims 1-3, 25-29, 35-41, 43-47, and 53-59 are pending.
2. Applicant's Appeal Brief, Reply Brief and the BPAI Decision have been received and considered.

Allowable Subject Matter

3. Claims 1-3, 25-29, 35-41, 43-47, and 53-59 are allowed.
4. The following is an examiner's statement of reasons for allowance: Chess (US 6560632) teaches queuing and prioritizing objects which include queries or files suspected of having malicious code or viruses, these objects are not the same as the claimed queued requests for a virus scan. Therefore objects to be scanned, files or queries, are not considered to be the same as requests to scan a file. Smithson (US 6802012) and Makinson (US 6971023) teach prioritizing requests for virus scans but fail to teach the remaining aspects of the claims and would not have been obvious to combine with Chess or the remaining references cited because they were commonly owned by Network Associates at the time of filing and would be therefore excluded under 35 USC 103(c). Therefore the pending claims are allowed over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to

avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
